Dear Mr. Jablonowski and Mr. Schneider:

#### **IMPLEMENTATION PLAN FOR THE ABOVE-GRADE DECONTAMINATION AND DISMANTLEMENT OF THE PLANT 6/EAST WAREHOUSE COMPLEX**

This letter transmits to the U.S. Environmental Protection Agency (U.S. EPA) and Ohio Environmental Protection Agency (OEPA) the enclosed draft Implementation Plan for the Above-Grade Decontamination and Dismantlement (D&D) of the Plant 6/East Warehouse Complex. This implementation plan represents the combined remedial design documentation for both the Plant 6 Complex and the East Warehouse Complex, which were previously identified as separate design submittals (regulatory milestones) in the Operable Unit 3 (OU3) Integrated Remedial Design/Remedial Action Work Plan.

The decision to combine the Plant 6 and East Warehouse Complexes was based on concurrent availability of structures for demolition, the adjacent proximity of both complexes, and the desire to attain cost savings through economics-of-scale planning and execution. The plan adheres to the design documentation requirements outlined in the Operable Unit 3 Integrated Remedial Design/Remedial Action Work Plan and follows the same format as recently submitted implementation plans.
